For devices over 134mm wide, or devices that are displayed in landscape, Stacey recommends the **Tablet Stabiliser** - Black P/N 08000, White P/N 08001 - (sold separately).

### Interchangeable Arm Kits

Remerchandising your display to include a new smaller (or larger) Tablet than the originally purchased Gripper Kit will fit is easy thanks to the separate Gripper Arm Kits. Keep common components and just purchase the required arms to convert a Gripper to a different size.
